

## RESEARCH NOTE

# Credicorp Loan cash-flow map: Open Banking Consent

By CM Beyer Research Office - Industry research editor - Updated 11 July 2026

Research reference: a sourced cash-flow map for directors weighing Credicorp Loan against cash reserves, supplier terms and the wider Credicorp product family.

This .org record is kept for citation and due diligence. It records the product or cash-flow question, the public sources checked, and the boundary between research and customer service.

Open Banking evidence can make cash-flow checks clearer, but consent and data use still need to be understood. A director should separate timing pressure from a weaker margin before choosing any finance route.

Only use read-only consent that the business understands and can revoke. Recheck the linked product and public-source pages before relying on the note.

Applications, account servicing and binding customer documents remain on credicorp.co.uk. This page is a source trail, not a sales page.
