

# Credicorp Loan comparison: Premises Costs

By CM Beyer Research Office - Industry research editor - Updated 11 July 2026

Research reference: a sourced comparison for directors weighing Credicorp Loan against cash reserves, supplier terms and the wider Credicorp product family.

This .org record is kept for citation and due diligence. It records the product or cash-flow question, the public sources checked, and the boundary between research and customer service.

Premises costs can combine rent, rates, repairs and safety work in the same trading month. The decision is easier when the company writes down the invoice, the date and the repayment source.

Check rates relief, valuation and safety duties before treating the whole pressure as borrowing. The sources below show the rule, product page or public register behind the point.

Applications, account servicing and binding customer documents remain on credicorp.co.uk. This page is a source trail, not a sales page.
