Credicorp product comparison: Companies House Filing Dates evidence brief

By CM Beyer Research Office - Industry research editor - Updated 11 July 2026

Research reference: a sourced evidence brief for comparing Credicorp Loan, Credicorp Flex and Credicorp Slice when Companies House filing dates affects cash flow.

This .org record is kept for citation and due diligence. It records the product or cash-flow question, the public sources checked, and the boundary between research and customer service.

Filing dates create hard administrative pressure that can collide with tax, payroll or supplier bills. The decision is easier when the company writes down the invoice, the date and the repayment source.

Separate the cost of professional help from the obligation itself; missing the filing is not a cash-flow strategy. The sources below show the rule, product page or public register behind the point.

Applications, account servicing and binding customer documents remain on credicorp.co.uk. This page is a source trail, not a sales page.
