# Credicorp product comparison: Confirmation Statements product-routing guide

By CM Beyer Research Office - Industry research editor - Updated 11 July 2026

Research reference: a sourced product-routing guide for comparing Credicorp Loan, Credicorp Flex and Credicorp Slice when confirmation statements affects cash flow.

This .org record is kept for citation and due diligence. It records the product or cash-flow question, the public sources checked, and the boundary between research and customer service.

A confirmation statement is a dated Companies House obligation, so cash planning should not leave it until the last week. The first check is whether the cost is dated, evidenced and likely to clear from a known receipt.

If the filing is overdue, fix the record first. Borrowing should not hide a basic register problem. The links below are the source checks used for this page.

Applications, account servicing and binding customer documents remain on credicorp.co.uk. This page is a source trail, not a sales page.
