

# Credicorp product comparison: Late-payment Escalation director note

By CM Beyer Research Office - Industry research editor - Updated 11 July 2026

Research reference: a sourced director note for comparing Credicorp Loan, Credicorp Flex and Credicorp Slice when late-payment escalation affects cash flow.

This .org record is kept for citation and due diligence. It records the product or cash-flow question, the public sources checked, and the boundary between research and customer service.

Late customers create a finance question only after the company has also checked its right to chase and escalate. Treat the borrowing as a job to be done, not as extra revenue.

Do not borrow on optimism. Chase the debt, document the expected date and price the fallback. The citations make the route auditable without copying source text.

Applications, account servicing and binding customer documents remain on credicorp.co.uk. This page is a source trail, not a sales page.
