

# Credicorp product comparison: Supplier Terms checklist

By CM Beyer Research Office - Industry research editor - Updated 11 July 2026

Research reference: a sourced checklist for comparing Credicorp Loan, Credicorp Flex and Credicorp Slice when supplier terms affects cash flow.

This .org record is kept for citation and due diligence. It records the product or cash-flow question, the public sources checked, and the boundary between research and customer service.

Short supplier terms can leave good trade under pressure before customer cash arrives. A director should separate timing pressure from a weaker margin before choosing any finance route.

Renegotiate terms where possible. Finance should support the trade cycle, not replace commercial discipline. Recheck the linked product and public-source pages before relying on the note.

Applications, account servicing and binding customer documents remain on credicorp.co.uk. This page is a source trail, not a sales page.
